- Multi-Phased Relocation Effort
- Origin Site: 15,000 SF
- Destination Site: 29,215 SF
- 200 Full-time Employees
- 422 Project Management Hours
- Phase 1: August 2019 - February 18
- Phase 2: August 2019 - March 23

PROJECT SCOPE:

- Construction Representation
- Technology Integration
- Furniture Procurement & Installation
- Commercial Signage
- Office Services Setup
- Move Management
- Decommissioning Services

PROJECT HIGHLIGHTS:

The multi-phased relocation effort required the duplication and coordination for several critical work packages. Those work packages included: data cabling, furniture, and move management. Relofant's ability to communicate effectively with all of the vendors throughout the duration of the project allowed for Benefytt to stay focused on their core business and relocate into their new facility without significant downtime.
