PROJECT SCOPE:

- Construction Representation
- Technology Integration
- Custom Artwork & Furniture Installations
- Move Services & Management
- Office Services Setup
- Appliance Procurement & Installation
- Origin Site Decommissioning

PROJECT HIGHLIGHTS:

To keep up with their growth and success, the client team sought to create a one of a kind space that would complement their dynamic team members and cutting edge culture. The aggressive construction timeline paired with the delivery and installation of many high-end custom fixtures made for a very demanding project environment. Activity peaked as the move and reconfiguration all workstations and reconnection all IT equipment were orchestrated over the course of a single weekend to minimize employee impact and downtime. The end result is a space that will rival any in the area as undoubtedly the coolest place to work.

CLIENT TESTIMONIAL:

“An amazingly organized & helpful team! If the process of a corporate move is daunting to you & your team, these are the people to contact...they handle the details that you wouldn't even begin to consider as well as timing the move event so that your office can function on a Friday and re-open on Monday morning in the new location! Highly recommend this service!”
